What is stevia ?

Stevia is an herb. The stevia plant thrives in a mild climate with pure water and abundant sunshine. A mature stevia plant is a small shrub, growing to a height of two to three feet that produces naturally sweet leaves. **The sweet compounds are extracted from the leaves.**

Stevia has proven to **be essential to the future of a healthier world.** A natural non-caloric sweetener, stevia is effective in lowering calorie count while satisfying the desire for sweet taste.

New Product

In the European markets, most people prefer sweet tea powder. In order to meet the market demands, we have launched **organic stevia white tea powder**.

Organic-certified Stevia Powder

Organic white tea powder mixed with organic stevia, **smooth taste without bitter and astringent**, all people can drink. Organic stevia white tea powder is **healthier** for us.
